

S.B.I.O.A. INTERNATIONAL SCHOOL

ENVIRONMENTAL EDUCATION

Our School promotes the concern for nature in students through the following activities in the field of environment education:

- ◆ World Environment Day is observed every year with many interesting activities like
 - * rally,
 - * awareness programme,
 - * planting saplings at school and at neighbourhood,
 - * oath taking, etc.
- ◆ Greenery of the campus is taken much care. Children donate plant saplings during birthdays.
- ◆ Students maintain their classroom garden and are encouraged to nurture plants as a part of Science project.
- ◆ Seed saplings are also distributed to neighbouring places and to the general public to promote eco-friendly environment.
- ◆ Science week will celebrated each year to promote environmental education.
- ◆ Various assembly talks, classroom activities and competitions will also be conducted every year among students.
- ◆ GRC Club functions in our school for students to preserve nature and to plant more trees.
- ◆ Seed balls are distributed among students to promote nature preservation.
- ◆ Students were given projects to plant saplings and note down the changes in it as they grow and produce the report at the end of each year.
